

HOORAY!!!

The ban has been reversed! An amazing success for the so-called 'River Gypsies', a one-year reprieve, yippee. This is a fantastic result, something all who were involved and dedicated to the campaign can be proud of. Thanks and congratulations.

Let us not rest on our laurels though, we must keep the pressure on the Conservators and the City Council to ensure we are involved at the grassroots level with the planning and implementation of the intended mooring policy. A fair and improved policy that will benefit all river users concerned must be our ultimate goal, so please be proactive with the development of our new exciting future.

CAMBOATERS COMMUNITY ASSOCIATION

The Public meeting to announce our existence and formation together with our first Annual General Meeting was held on Monday 20th September 2004 at 7:45pm in the Function room at The Boathouse Pub on Chesterton Road. What a great turn out, demonstrating the strength of our unity and the commitment to improving the quality of all our lives on the river.

We amended and approved our constitution – the Management Committee will now comprise 13 members. If you wish to

receive a copy of the constitution it can be found on the Camboaters website.

At the Public meeting we elected the Management Committee of the CCA. See over for your newly chosen committee members.

Now that we are an official organised association it would be sensible to establish a code of conduct for harmonious habitation on our beautiful waterway. Please forward any suggestions to info@camboaters.co.uk.

What a couple of heroes,
taking on those mighty
willows and other
obstructive foliage along
the river bank. The best
coiffeur on the river
couldn't have done a
better job.

I'm sure you will agree
our navigation will be
dramatically improved. I
guess the Cam Con can
delete that particular job
from their schedule. The
rowing fraternity will no
doubt be equally pleased.
Thanks guys, good effort-
next drink on me...
